

# HENRY FORD OPTIMEYES FARMINGTON HILLS

Ronnisch Construction Group was selected as the Construction Manager for Henry Ford OptimEyes' new location in Farmington Hills, Michigan. This is a new construction build that includes the new building construction (core and shell) and the interior fit-out for Henry Ford OptimEyes. This project is unique in that it included a ground-up construction and a tenant fit-out. The build-out incorporates new corporate standards for Henry Ford OptimEyes.
