## MISTER CAR WASH

Ronnisch Construction Group has partnered with Mister Car Wash on multiple ground-up and redevelopment projects across Michigan, including:  
**New Baltimore, Clarkston, Waterford, Canton and Monroe.**

Our work spans full-site demolition, new utility installation, redesigned traffic flow and approaches, and the construction of modern, high-efficiency wash facilities. In Canton, for example, our team delivered a 5,300-square-foot, touchless car-wash building complete with new parking areas, driving lanes, and site infrastructure. Across all locations, Ronnisch brings consistent attention to detail, coordination with design partners, and a commitment to streamlined project delivery that supports Mister Car Wash's continued statewide expansion.

- 📍 CANTON, NEW BALTIMORE, MONROE, WATERFORD, & CLARKSTON, MI
- 🏢 5,000 SQUARE FEET (VARIES BY LOCATION)
- 🏗️ A23 STUDIOS
